Please continue to pray for Baby Edward Spiering, infant son of Anthony & Elizabeth Spiering, who was born 12 weeks early and is in the NICU at St. Vincent’s Hospital in Billings. He will be there for at least 10 weeks, and the medical bills and travel expenses will be substantial. A gofundme page was created for Anthony, Elizabeth and Edward (little Andrew, too) to help them with their medical costs. Praise God that little Edward is in stable condition. This is the link: https://www.gofundme.com/2q5bhv64

If you would prefer to contribute to the Spiering family through the parish, we will be happy to forward any donations to them. Please just mark your donation with their name, or in the memo line of your check, and we will get the donations directly to them. Thank you for your continued prayers for Baby Edward.
