Because congressional delegates are flooded with spam emails, you have to go to their website to fill out a contact form. You may also contact their offices by phone.

**Dear Senator Enzi,**

My name is Deacon Mike Leman. I want to thank you for all of your hard work for the people of Wyoming!

Today, I am writing out of concern for those who entered our state illegally-through no fault of their own because they were children at the time. Many of them have made Wyoming their home and have been faithful contributors to our state. Many have enjoyed protection from DACA and are now afraid that it could be rescinded and jeopardize their livelihoods. The Dream Act could provide a more predictable and stable path to citizenship that will allow these young people the ability to come out of the shadows and not have to fear that a change in administration could mean suddenly being deported and separated from their families, friends and homes. I humbly ask you to support the Dream Act.

Thank you once again for all you do!

Deacon Mike Leman
On June 15, 2012, the Secretary of Homeland Security announced that certain people who were illegally brought into the United States as children and who meet several guidelines may request consideration of deferred action for a period of two years, subject to renewal. They are also eligible for work authorization. This program is called Deferred Action for Childhood Arrivals or DACA. Guidelines for qualifying for DACA are:

1) Applicant was under the age of 31 as of June 15, 2012 2) Came to the United States before 16th birthday 3) Continuously resided in the United States since June 15, 2007 4) Were physically present in the United States on June 15, 2012 5) Had no lawful status on June 15, 2012 6) Are currently in school, have graduated or obtained a certificate of completion from high school, have obtained a GED, or are an honorably discharged veteran of the Coast Guard or Armed Forces of the United States; and 7) Have not been convicted of a felony, significant misdemeanor, or three or more other misdemeanors, and do not otherwise pose a threat to national security or public safety.

On June 29, 2017, ten state Attorneys General (not Wyoming’s) urged the Administration to rescind the DACA program. Nearly 750,000 immigrant youth have been protected by this program. Bishop Steven has put out a press release in support of those who are protected by DACA and is encouraging contacting our congressional delegates to support the DREAM ACT, which is a bipartisan-sponsored bill that would provide a clearer path to U.S. citizenship for people who are undocumented, who have DACA or temporary protected status (TPS), and who attend a U.S. high school, enroll in college, enter the workforce, or enlist in a military program.
